Minecraft is a sandbox game originally designed and created by Markus "Notch" Persson, and now developed by Mojang. It was publicly released for the PC on May 17, 2011, as a developmental alpha version and, after gradual updates, was published as a full release version on November 18, 2011. A version for Android was released a month earlier on October 7, and an iOS version was released on November 17, 2011. On May 9, 2012, the game was released on Xbox 360 as an Xbox Live Arcade game. The game allows players to build with a variety of different blocks in a 3D procedurally generated world. Other activities include exploration, resource gathering, crafting, and combat. The PC version of the game is published by Mojang. The Xbox 360 version is published by Microsoft Studios. The release of the mobile versions are handled by external publishers, such as Electronic Arts, Ubisoft, Warner Bros. Interactive Entertainment and Halfbrick Studios for iOS devices, and Mojang for Android. The game is currently available on all major platforms except Google Chrome OS.",

Minecraft Mods Mods are simply additions which add new content to your game. For example, it could be an item that you can craft, a new game mode (an option like Survival or Hardcore, for example), a new texture, or something else. The most popular mods are the ones that add more stuff to the game. They're more popular because they're larger and can add more content to your Minecraft game. More Info Download: MINECRAFT MODS",

Minecraft is one of the most popular games on the planet, but it also has a very active community that creates many different things for you to use in your game or play with on servers. There are so many mods available for the game, it can be hard to know what to choose and you may even have trouble installing them correctly. There are many tutorials and forums online where people can help out with this process though, so look to them if you need any assistance when creating your modpack or installing mods."

How do I join my IP Address to a Minecraft Server? â€œ To connect to a Minecraft server, you will need an IP address or host name of the server. Connecting your Minecraft server via your IP address is the same as connecting to it directly through the internet without requiring any extra software. The primary way to get an IP address is by going into your internet browser's settings page and finding out what the current addresses given from your provider are for you. If you are using a Bukkit or Tekkit server, then this should be included with their connection instructions. With individual servers, there are a couple ways that you could go about getting this information. The first way would be to simply ask the host if you can connect to their IP address and they will give it to you. Otherwise, you can go through your router configuration page to find out the information that you need."

How To Download Mods: What does it take to install a mod? And how do I find one that is right for me? These are questions that many players ask themselves when they want to get started with mods. Many new players simply do not know what you

need to know about your PC or about modding in general. This is why we created this comprehensive guide on the world of Minecraft modding. Here you will find all of the information you need to know.",

The great thing about Minecraft is that it gives you unlimited freedom to do whatever you want. Sometimes the game can be a bit boring or repetitive, so there are a lot of people who choose to download mods in order to change how the game plays. Minecraft is a fantastic game, but it can get boring rather quick if you don't add some mods to spice things up. If you have noticed your Minecraft friend getting bored with the game and not playing as much, then the best thing to do would be to introduce them to mods. Mods are basically programs that make changes to your Minecraft game, and they have an unlimited number of uses. Some of the most popular mods out there adds extra blocks or tools, while others adds features like guns or zombies. Whatever kind of mod you are looking for there is bound to be one out there that suits your needs, and all you have to do is download it for free from the internet.",
